**For a certificate of public convenience
and necessity for facilities in Loudoun
County: Beaumeade-Beco 230 kV
Transmission Line and Beaumeade-
Greenway 230 kV Transmission Line**

HEARING EXAMINER'S RULING

July 24, 2001

On July 18, 2001, DuPont Fabros Development ("DuPont Fabros"), Cameron Chase Homeowners Association ("Cameron Chase"), Broadlands Associates ("Broadlands Associates"), the Regency Homeowners Association ("Regency"), and the Board of Supervisors of the County of Loudoun, Virginia ("Loudoun County Board"), by counsel, jointly filed a Motion for Stay and to Consolidate. In support of the Motion, the moving parties state that Dominion Virginia Power, on March 21, 2001, filed an application for approval of a small portion of its proposed new transmission facilities in Loudoun County, Virginia, severing the selection of a single, new transmission route into separate pieces with distinct approval applications. The moving parties request that the Commission issue a stay in the current case pending Dominion Virginia Power's filing of an application for approval of the next phase of the proposed transmission line and to consolidate the two cases for simultaneous evaluation and decision.

Rule 5 VAC 5-20-110 of the Commission's new Rules of Practice and Procedure which became effective on June 1, 2001, states that any response to a motion must be filed within 14 days of the filing of the motion. Therefore,

IT IS DIRECTED that, on or before August 1, 2001, Dominion Virginia Power or other interested parties may file a response to the Motion for Stay and Consolidation.
